

## Be a Foster and Make a Difference

Toronto Humane Society's Foster Care program provides a rewarding experience for all those involved. Foster Parents help animals recover from illnesses and injuries and provide them with socialization and love until they are adopted.

The Community Sheltering program enables our organization to expand our capacity beyond the walls of our facility. Through engaging our community, we tap into the limitless ability to save and improve more lives

We are looking for dedicated individuals that can commit their time and energy to helping foster animals flourish. These animals will need your help – either with settling in, receiving medication, or learning to trust new people. Previous fostering experience is not necessary, and you will be supported by our Training and Foster Teams throughout the entire process.

During every foster term, Toronto Humane Society will provide you with all necessary supplies, including food, bedding, carriers/crates, bowls/toys, blankets, etc. We will also supply required medical care and continue to support you with training to help you feel comfortable every step of the way.

To apply, visit our website and fill out our Foster Application:  
[www.torontohumanesociety.com/support-us/become-a-foster/](http://www.torontohumanesociety.com/support-us/become-a-foster/)

Fostering an animal is not always easy, but it is one of the most rewarding things you can do. If you would like to help animals on their journey to recovery until their forever homes are found, please **join our foster community!**

We are currently looking for Foster Parents to care for animals who are:

- TLC (requires behavioural support)
- Special species (rabbits, rats, guinea pigs, etc.)
- Ill or injured and require complex medical treatment
- Orphaned or nursing
