NO **YES**

CONTACT US

If the kittens are in need of medical care, contact us at **416-392-2273 ext. 2248** or **intake@torontohumanesociety.com**
Our highly trained medical staff will be able to advise you as to next steps.

BE A FOSTER PARENT

Contact Toronto Humane Society for help! Ask about our Foster-Finder program. Check out our resources on socializing kittens.

HELP THE NEW FAMILY

Help mom care for kittens by providing food and shelter. If mom enjoys petting, bring them all in your home! If she does not, leave them where they are. If mom is unsocial, consider taking the kittens inside once they reach 5 weeks old. At 7 weeks of age, either find them homes on your own or bring them in to Toronto Humane Society for adoption!

HOME & CARE

Younger Kittens: Socialize at home. When ready, find them a home or bring them to Toronto Humane Society.

Older Kittens: It's difficult to socialize kittens after 3 months of age, and their welfare in a home may be poor. Consider trap-neuter-return.
