

## Open Letter to Taylor Swift

November 12, 2024

Dear Taylor,

Welcome to Toronto! We're absolutely thrilled to have you here and couldn't resist creating a tribute to your love of cats and music right here at Toronto Humane Society. In honour of your visit, we've named a special group of shelter cats after some of your most iconic songs, albums, and beloved feline family members.

Among these kitties, you'll find "Folklore," "Evermore," "Midnights," "Red," "Willow," "Marjorie," "August," "Cornelia," "Swiftie," "Cardigan," and "Champagne." Each one would be thrilled to meet you, welcoming you with their own meows and purrs.

And just today, we've welcomed seven newly transferred kittens into our care. Named "Reputation," "Travis," "Kelce," "Dorothea," "Benjamin," "Taylor," and "Karma," these little ones bring even more charm to our Taylor-inspired group!

We'll also be playing your music in the cat adoption halls throughout your stay in Toronto, filling our shelter with a "Swiftie" vibe that our cats—and staff—are sure to enjoy.

As fellow cat fans, we'd love to welcome you in for a private tour of our shelter and introduce you to this one-of-a-kind "cat-ologue." It's our way of saying thank you for showing the world that life as a cat parent is full of joy, love, and a little bit of magic.

Your visit would bring extra awareness to pet adoption in Toronto, and maybe even inspire a few fans to adopt their own "Swiftie" in your honour. Toronto Humane Society is ready to roll out the **"RED"** carpet for you and these feline super-fans!

To arrange a private tour please reach out to Lucas Solowey, manager of public relations at [communications@torontohumanesociety.com](mailto:communications@torontohumanesociety.com)

We hope your stay in our city is as *bejeweled* as your music.

With love and hope,

Melissa Shupak  
Director, Animal Sheltering  
Toronto Humane Society

**Meet some of the "Swiftie" cats! All available for adoption at Toronto Humane Society!**
